

HOME STARTS WITH YOU

Bringing People Together to Build Homes, Communities & Hope

Since 1990, Habitat for Humanity of Greater Los Angeles has partnered with volunteers, donors and Habitat homeowners to build, renovate and repair more than **1,000** homes locally. The lives of thousands of individuals have been transformed due to having a decent and affordable place to call home.

In addition to Habitat's home ownership program, where prospective homeowners help build their new home, Habitat also provides neighborhood revitalization programs, education, and counseling to would-be homeowners. Perhaps you have visited one of their thrift stores where all sorts of household items can be purchased.

LA ranks as one of the least affordable housing areas in the U.S., and Habitat is making an impact on changing that statistic. This month's program is a collaboration with the United Nations SFV Chapter that shares our concerns for the unhoused in our community which particularly impacts women and children. Come and join us as we hear from **Chris Untiet**, Director of Faith Relations, on how you as an individual and we as a community can make a difference in housing those in need.
