

# BALLOT PROPOSITIONS

It's never been more important to vote than it is now. But do we become an informed voter, making decisions on the facts? You need a trusted source. And there is no better source than the League of Women Voters.

The League's non-partisan, grass-roots leadership began in 1920, and they have become quite expert at reading between the lines and dissecting the real meaning behind the ballot propositions. In addition, they also waded through the financial records to find out who is paying to get your vote.

A speaker from the League will present the pros and cons of the ballot propositions at our October meeting. Always interesting and informative, their speakers will have you understanding what you are voting for or against, exactly what your yes or no vote really means. Then the decision is yours.

Come get the scoop! Be an informed voter!
